Why offer the Award

- Enhanced curriculum
  Schools are constantly seeking to enhance what they offer to students. The Duke of Edinburgh’s Award Programme can assist in this area. As they earn the internationally recognised awards, participants develop highly useful skills.

- Development of young leaders
  The Duke of Edinburgh’s Award Programme helps young people to foster leadership abilities as they take on the responsibility of managing their progress. ‘Dukers’ become leaders within their schools and communities.

- Improved discipline
  Taking part in the Award helps young people to focus and better manage their time.

- Well-rounded individuals
  The variety of the Programme helps youth to broaden their horizons and embrace new experiences.

“I have learned self-confidence and independence. At the same time team work made the experience far more enjoyable”

About the Award

The Duke of Edinburgh’s Award gives all young people, 14 to 25 the chance to develop skills for work and life, fulfil their natural potential and have a brighter future. HRH The Duke of Edinburgh founded The Duke of Edinburgh’s Award in 1956. Starting in Barbados in 1963, we are extremely proud of our forty-nine years of service to the nation’s youth.

Since then, the Duke of Edinburgh’s Award Barbados has become recognised as a stable programme in enhancing the life skills of those who undertake the Award. Our organisation is dedicated to the mandate expressed in the tagline ‘Challenging Young People Everywhere’ and continues to actively pursue excellence within the three levels: Bronze, Silver and Gold. Across the globe the programme is used by schools and other youth organisations such as the Boys Scouts and Girl Guides.

Participants are guided through the Programme by voluntary adult leaders, who are an invaluable resource. Leaders assist participants in choosing activities and in their overall development. As participants complete the programme they are constantly encouraged to step out of their comfort zones and try new things.

Sections of the Programme
